dinner is served utensil holder

Add flair to your picnic table with a cute utensil holder. This is a quick and easy project that even kids can make. Papers and accents from our Backyard Picnic Collection add fresh style. Knives, forks and spoons never had it so good!

1. Cover top half of can with a strip from the top of Let's Eat patterned paper. Cover bottom half of can with Backyard Dots. Add a 1 1/2" piece on the back because the 12-inch paper will not cover the whole can. Decoupage paper to can.
2. Tie a 22" length of Polka Aqua Ribbon around can. Attach round sticker from Picnic Time Cardstock Stickers.
3. Fill with plastic knives, forks and spoons and enjoy!

Fantastic family wall decor

This altered wood piece is beautifully decoupaged with a variety of papers and adorned with dimensional stickers and ribbon. You can create an attractive wall grouping with this piece and your favorite framed photographs. Height - 12"

1. Stain or paint wood piece to match paper or leave natural and seal. You only need to paint the sides where the paper will not cover.
2. Place paper for first letter face down on work surface. Place wood piece face down on paper. Make sure wood piece is positioned over the part of the paper that you want to show on the front.
3. Trace around wood with exacto knife, cutting the paper as you go.
4. Apply a layer of decoupage medium with a sponge brush to the front side of the wood. Place paper cutout onto the wet glue, line up edges and rub down. Remove wrinkles and bubbles by pressing gently with a popsicle stick, working from the center out.
5. Continue with each letter in a different paper as shown.
6. Apply another coat of decoupage medium on top of complete project to seal. Allow time to dry.
7. Lightly sand around edges of the wood to remove excess paper.
8. Twist wire and push into hole on top of the letter "i". Glue flower from Family Dimensional Stickers to a strong magnet to display photo.
